This diagram illustrates the 26th step of a LEGO Technic assembly. The main structure is a complex mechanical model featuring a large, multi-cylinder engine block (grey and black) mounted on a base of brown and tan bricks. The engine has several pistons and connecting rods visible. A yellow arrow points to a specific connection point on the engine. A red and white striped tube is shown being inserted into a hole in the engine block. The base of the model includes a yellow and black mechanical component, possibly a motor or a pump, and a blue and white cylindrical component. A small blue and black piece is shown separately at the bottom, with a line indicating it should be attached to the main structure.
