# ABOUT FUNWHOLE

'FUNWHOLE' is a combination of the words "fun" and "whole", meaning "the whole fun of both day and night".

Founded in 2014, based on the desire to fully express the whole beauty of bricks (in day and night), FUNWHOLE is the world's first lighting bricks manufacturer.

FUNWHOLE is dedicated to the lighting bricks product, with a combination of bricks and lights. FUNWHOLE was birthed out of lights and bricks, allowing lights shine through your bricks and bring your night bricks to life.

As the pioneer to bring the first lighting bricks, FUNWHOLE was created to bring back brightness to the night world, making day and night whole with the lighting fun.

Engaged in building a creative brand, brick by brick, light by light, FUNWHOLE strives to bring fun and joy to millions of people.

FUNWHOLE creates more than bricks but also makes the lights shine through bricks, hoping every building brick lover can enjoy the beauty of lighting!

# TROUBLESHOOTING

The small size of lighting accessories makes them susceptible to damage during installation, and the following issues are common causes of failure.

1.Ensure that the connectors are correctly installed as shown in the picture.

2.Check if the wires are disconnected or broken from the solder joints.

3.Check the internal pins of the connector sockets. The internal pins of a properly working connector port should be straight. If the small pins are bent, they may be considered faulty ports.

4.Check that the power switch on the battery box is on and that the "+" and "-" poles of the battery are correctly placed (using new batteries) and ensure that the upper and lower connections to the "+" and "-" poles of the power switch are installed correctly.

If you have checked each string of lights according to the guide above and the lights still do not light up, please contact our customer service for assistance.
