# ABOUT FUNWHOLE

'FUNWHOLE' is a combination of the words "fun" and "whole", meaning "the whole fun of both day and night".

Founded in 2014, based on the desire to fully express the whole beauty of bricks (in day and night), FUNWHOLE is the world's first lighting bricks manufacturer.

FUNWHOLE is dedicated to the lighting bricks product, with a combination of bricks and lights. FUNWHOLE was birthed out of lights and bricks, allowing lights shine through your bricks and bring your night bricks to life.

As the pioneer to bring the first lighting bricks, FUNWHOLE was created to bring back brightness to the night world, making day and night whole with the lighting fun.

Engaged in building a creative brand, brick by brick, light by light, FUNWHOLE strives to bring fun and joy to millions of people.

FUNWHOLE creates more than bricks but also makes the lights shine through bricks, hoping every building brick lover can enjoy the beauty of lighting!

# INSPIRATION

In a small town in medieval Europe, the watchtower at the town's entrance soared into the sky, serving as the guardian and symbol of the town. Generals and soldiers stood guard here every day, bearing the responsibility of protecting the city from external threats.

Each day, farmers and their wives, driving ox carts, passed through the town gate, loaded with fresh produce and goods, hoping to enter the city's market for trade. The soldiers rigorously inspected the people and their cargo entering the city, ensuring the city's safety. With a trained eye, they discerned the intentions of those who arrived, making sure no danger entered the city.

Various gate-keeping weapons and equipment were displayed at the town gate, including crossbows and oil cauldrons. These weapons served as the city's last line of defense. The armored general stood atop the tower, wielding a longsword, his gaze resolute and vigilant, always ready to confront any threat.

The beacon atop the tower was lit as night fell, illuminating the entire town gate. On this watchtower at the town's entrance, the glory and courage of the medieval era converged. It bore witness to countless stories, safeguarding the peace and prosperity of this small town.

# WHAT'S INCLUDED

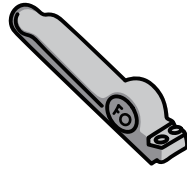

Please check and make sure you get all the items listed below.

Building Bricks

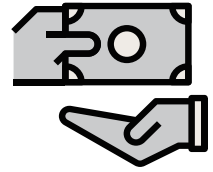

LED Light Kit

Brick Separator

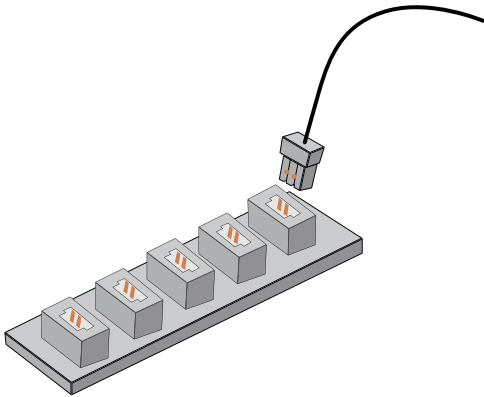

User Manual

Service Card

# TROUBLESHOOTING

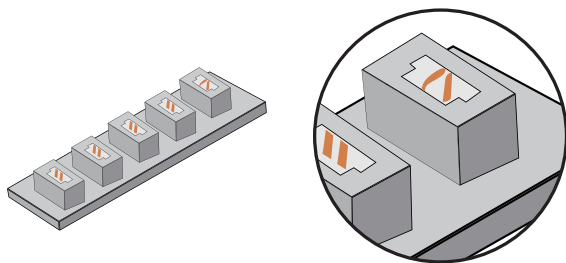

The small size of lighting accessories makes them susceptible to damage during installation, and the following issues are common causes of failure.

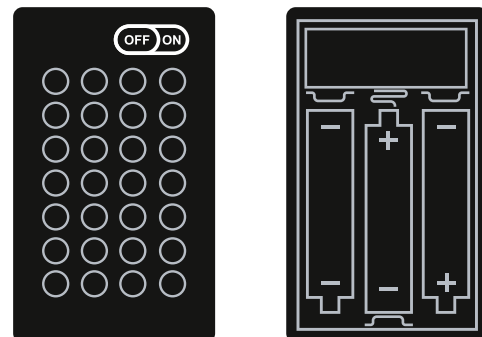

1. Ensure that the connectors are correctly installed as shown in the picture.

2. Check if the wires are disconnected or broken from the solder joints.

3. Check the internal pins of the connector sockets. The internal pins of a properly working connector port should be straight. If the small pins are bent, they may be considered faulty ports.

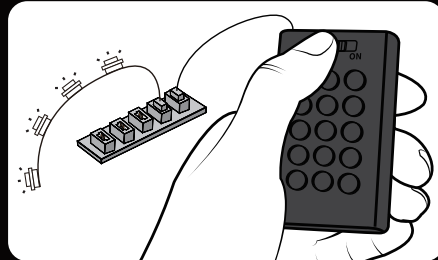

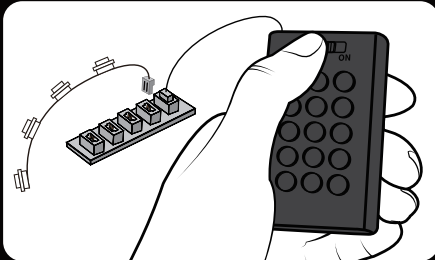

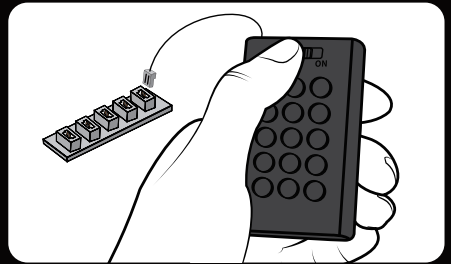

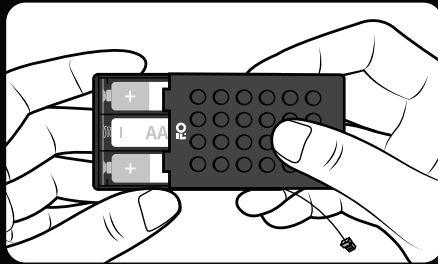

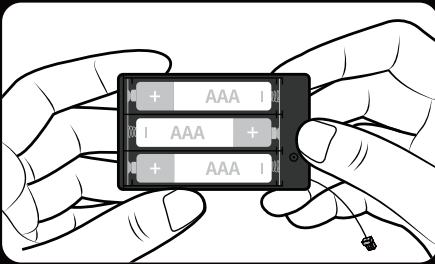

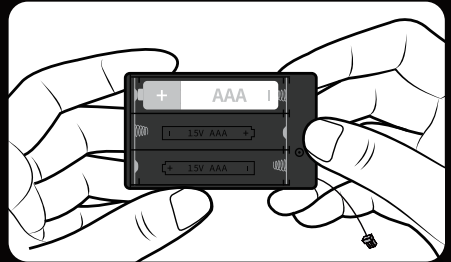

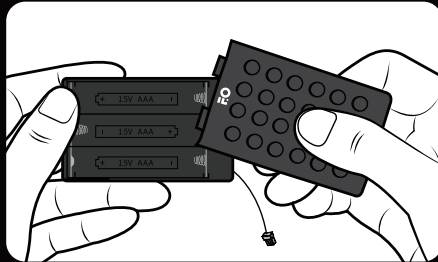

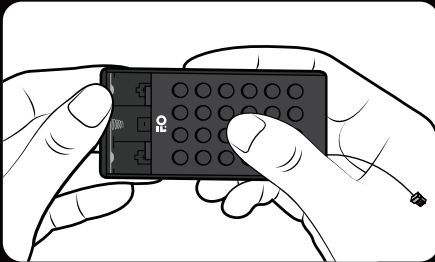

4. Check that the power switch on the battery box is on and that the "+" and "-" poles of the battery are correctly placed (using new batteries) and ensure that the upper and lower connections to the "+" and "-" poles of the power switch are installed correctly.

If you have checked each string of lights according to the guide above and the lights still do not light up, please contact our customer service for assistance.

# SAFETY PRECAUTIONS

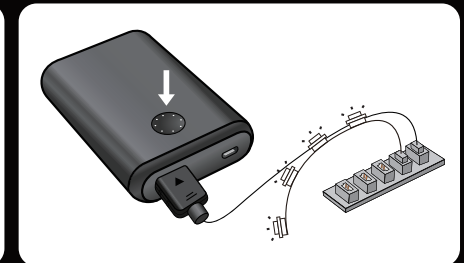

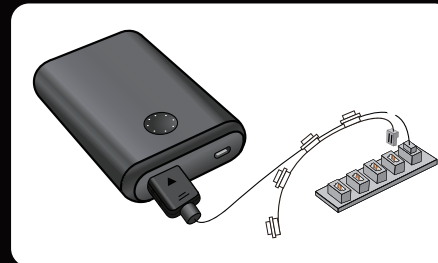

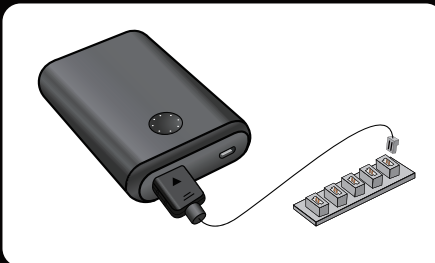

1. Before use, please make sure to check the voltage to avoid damage to the product and potential safety hazards.
2. The lights in the product are not replaceable. If they are damaged or not lighting up, please refer to the troubleshooting section or contact our customer service for assistance.
3. Avoid pulling on the light connection wires as this may cause damage.
4. Do not expose the product to water as it may damage the product.
5. Please read and follow the instructions carefully during building to ensure a good building experience.
6. This product doesn't come with batteries, but the power bank can also power LED light kits.

Battery box name: No. 7 block battery box

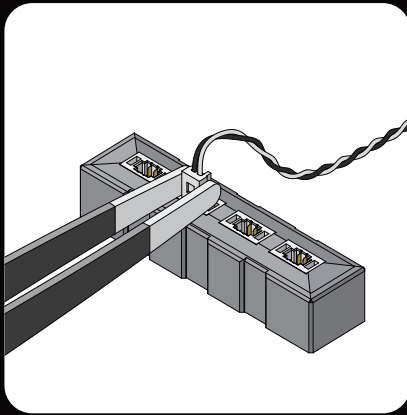

Battery type: AAA\*3 (No. 5)

Battery rated voltage: 1.5V

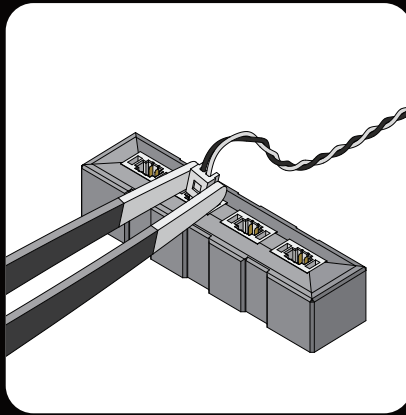

# How to Unplug the Connector

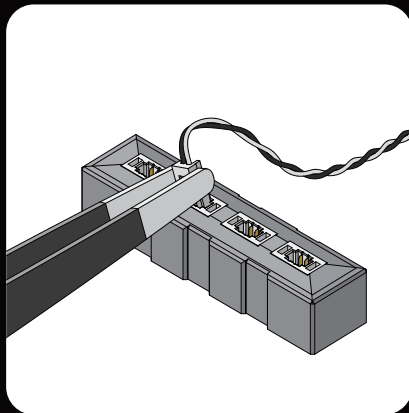

Note that the new connector will be tight. To remove it, gently shake it from side to side until it loosens, then pull it out.

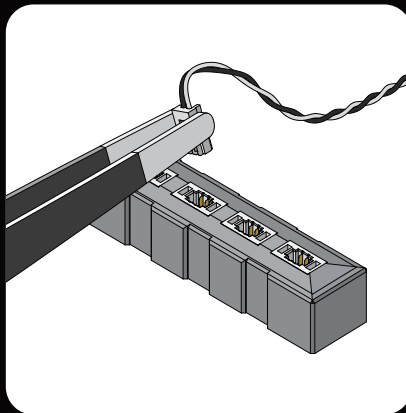

1. Use tweezers to hold the connector on both sides.

2. Gently shake the connector from side to side.

3. When the connector is tight, it will take several shakes to loosen it.

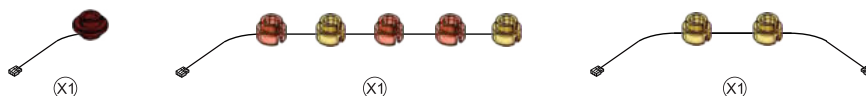

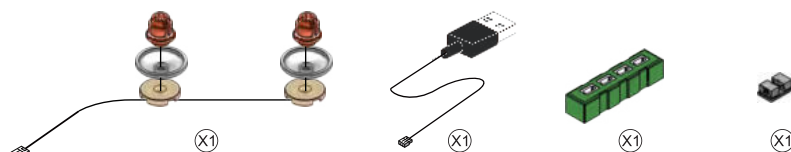

4. Remove the connector.

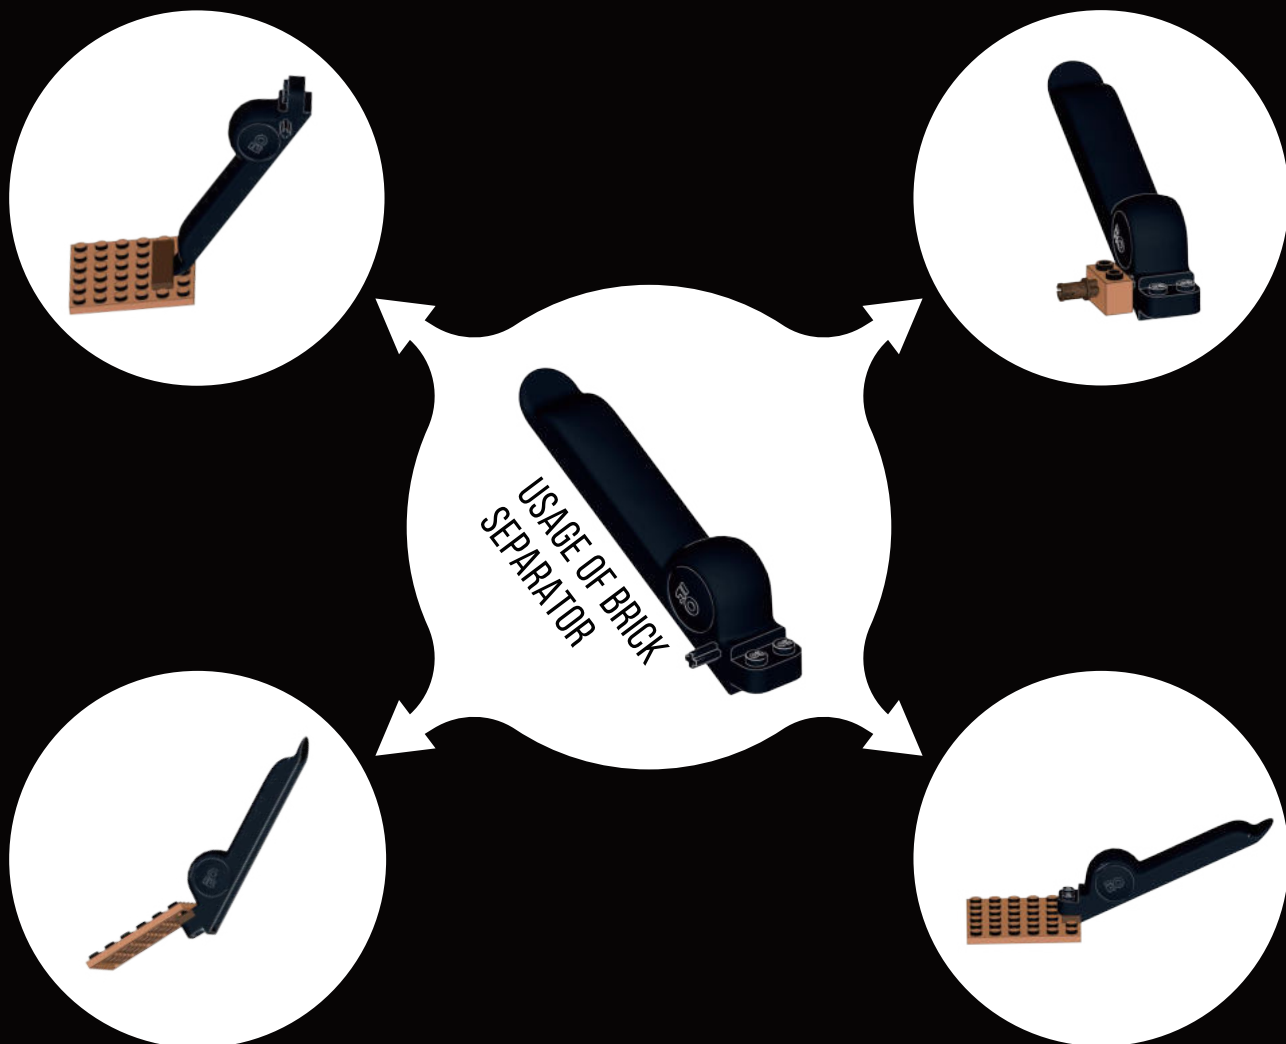

# LED LIGHT KIT PACKAGE LIST

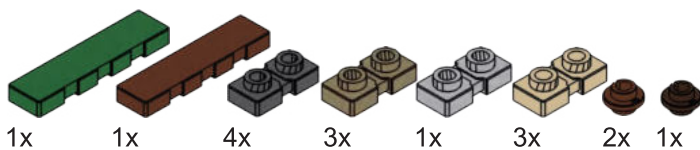

Please check and make sure you get all the lighting accessories. Contact us if there are any missing components.

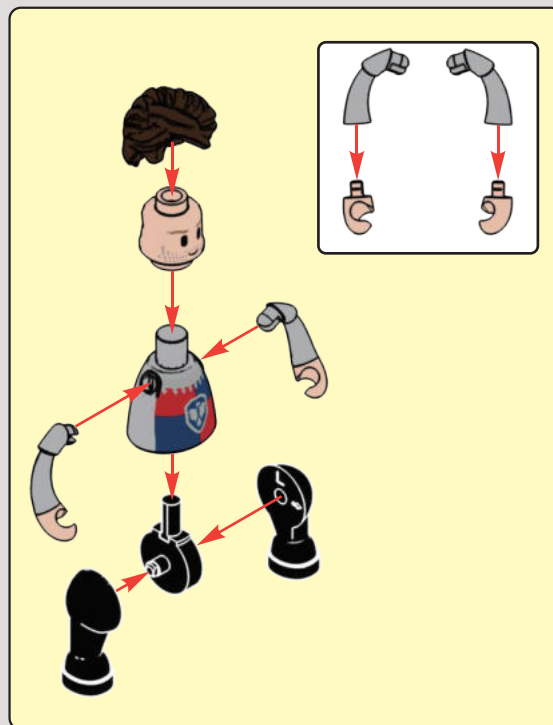

**Note:** when installing, don't pull it hard, bend it or shake it to avoid damage.

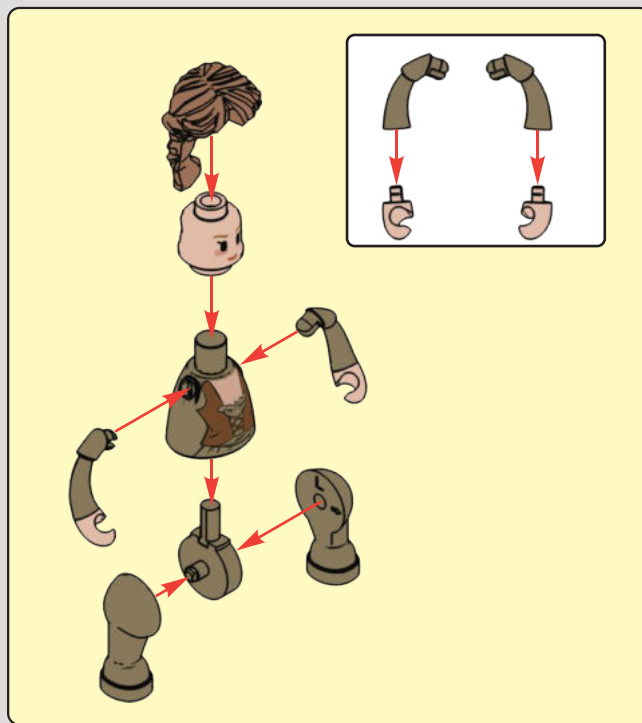

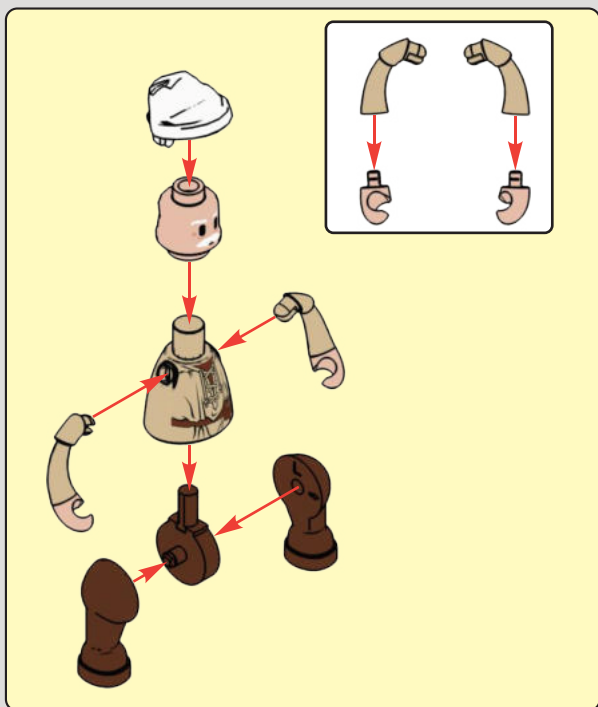

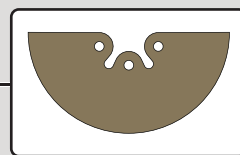

F-pack has two parts:  
minifigure bricks and special bricks.  
Assemble minifigure bricks according to  
instructions on the right. Keep special  
bricks for later assembly steps.

This image shows a complex LEGO Technic assembly, likely a model of a castle or fortress. The structure is built primarily from grey and white Technic bricks, with some green and brown accents. A red outline highlights a specific piece to be added to the assembly. The piece is a dark brown, curved Technic brick with a green flower-like decoration on top. The assembly is shown from a perspective view, highlighting the intricate details and the use of various Technic components like pins, axles, and connectors.
