ABOUT FUNWHOLE

'FUNWHOLE' is a combination of the words "fun" and "whole", meaning "the whole fun of both day and night".

Founded in 2014, based on the desire to fully express the whole beauty of bricks (in day and night), FUNWHOLE is the world's first lighting bricks manufacturer.

FUNWHOLE is dedicated to the lighting bricks product, with a combination of bricks and lights. FUNWHOLE was birthed out of lights and bricks, allowing lights shine through your bricks and bring your night bricks to life.

As the pioneer to bring the first lighting bricks, FUNWHOLE was created to bring back brightness to the night world, making day and night whole with the lighting fun.

Engaged in building a creative brand, brick by brick, light by light, FUNWHOLE strives to bring fun and joy to millions of people.

FUNWHOLE creates more than bricks but also makes the lights shine through bricks, hoping every building brick lover can enjoy the beauty of lighting!

INSPIRATION

Enthusiasts of the Wild West surely have an infinite longing for the rugged, heroic, and free spirit of that era. Experience this vintage Western Sheriff's Office building block model, allowing Western enthusiasts to relive the passion and romance of that time.

This vintage Western Sheriff's Office building block model strives to recreate the authentic setting of a sheriff's office in a small town in the American West around 1890. The office includes props such as desks, chairs, file racks, gun racks, and a camera, with a jail cell across from the sheriff's desk.

The set includes four characters: the sheriff, the sheriff's deputy, a prisoner, and a prisoner's accomplice. The sheriff embodies justice, maintaining law and order in the town and combating crime, while the villains disrupt the peace and create chaos.

Western enthusiasts can use the sheriff to uphold law and order in the small town or use the villains to challenge the sheriff, creating various storylines. Throughout this process, everyone can experience the historical charm of that era.

TROUBLESHOOTING

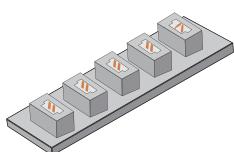

The small size of lighting accessories makes them susceptible to damage during installation, and the following issues are common causes of failure.

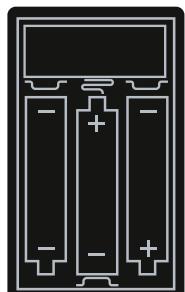

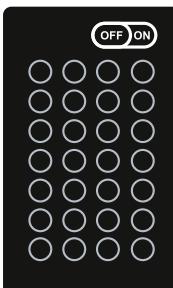

1. Ensure that the connectors are correctly installed as shown in the picture.

2. Check if the wires are disconnected or broken from the solder joints.
