ABOUT FUNWHOLE

'FUNWHOLE' is a combination of the words "fun" and "whole", meaning "the whole fun of both day and night".

Founded in 2014, based on the desire to fully express the whole beauty of bricks (in day and night), FUNWHOLE is the world's first lighting bricks manufacturer.

FUNWHOLE is dedicated to the lighting bricks product, with a combination of bricks and lights. FUNWHOLE was birthed out of lights and bricks, allowing lights shine through your bricks and bring your night bricks to life.

As the pioneer to bring the first lighting bricks, FUNWHOLE was created to bring back brightness to the night world, making day and night whole with the lighting fun.

Engaged in building a creative brand, brick by brick, light by light, FUNWHOLE strives to bring fun and joy to millions of people.

FUNWHOLE creates more than bricks but also makes the lights shine through bricks, hoping every building brick lover can enjoy the beauty of lighting!

INSPIRATION

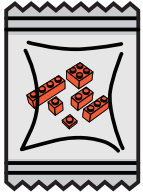

Four friends, Cindy, Lucas, Lily, and William, decided to take a ski vacation together to celebrate their last semester of high school. They rented a Nordic-style wooden SKI LODGE near the ski resort. This two-story accommodation features a large sloped roof to efficiently shed snow. The first floor boasts a spacious living room for gatherings, while the second floor offers cozy bedrooms.

After a day on the slopes, they returned to the comforting SKI LODGE as the sun set. Cindy, a video blogger, quickly set up her camera to capture the day's adventures. Lucas, an avid skier, continued to challenge himself on a small slope near the SKI LODGE. William, a novice skier, changed into dry clothes and warmed himself by the fireplace, enjoying the crackling fire and conversations with friends. Meanwhile, Lily noticed the path to the ski slopes covered in snow and cleared it with a broom, preparing for the next day's adventures.

In the evening, they gathered in the living room, enjoying pizza and playing board games, creating fond memories of their joyful time together in the cozy SKI LODGE.

WHAT'S INCLUDED

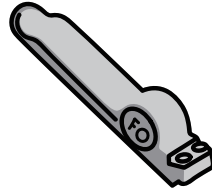

Please check and make sure you get all the items listed below.

Building Bricks

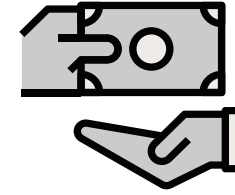

LED Light Kit

Brick Separator

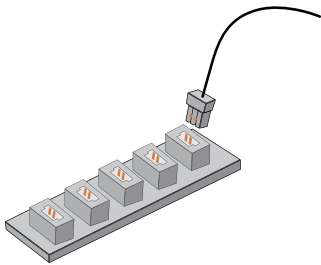

User Manual

Service Card

TROUBLESHOOTING

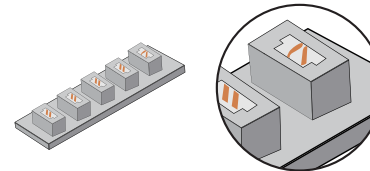

The small size of lighting accessories makes them susceptible to damage during installation, and the following issues are common causes of failure.

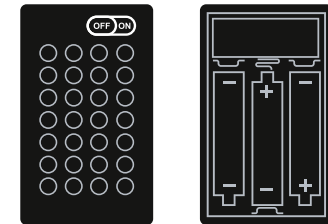

1.Ensure that the connectors are correctly installed as shown in the picture.

2.Check if the wires are disconnected or broken from the solder joints.

3.Check the internal pins of the connector sockets. The internal pins of a properly working connector port should be straight. If the small pins are bent, they may be considered faulty ports.

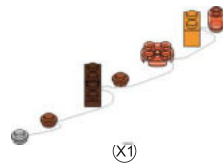

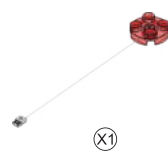

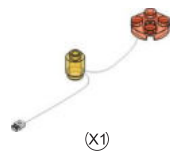

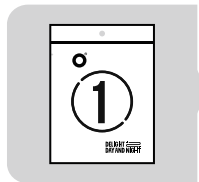

4.Check that the power switch on the battery box is on and that the "+" and "-" poles of the battery are correctly placed (using new batteries) and ensure that the upper and lower connections to the "+" and "-" poles of the power switch are installed correctly.

If you have checked each string of lights according to the guide above and the lights still do not light up, please contact our customer service for assistance.

LED LIGHT KIT PACKAGE LIST

Please check and make sure you get all the lighting accessories. Contact us if there are any missing components.

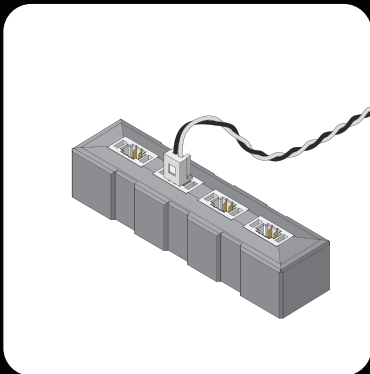

Note: when installing, don't pull it hard, bend it or shake it to avoid damage. The supply voltage should be below 5V, and the button battery holder voltage can be below 6V. Not for children under eight.

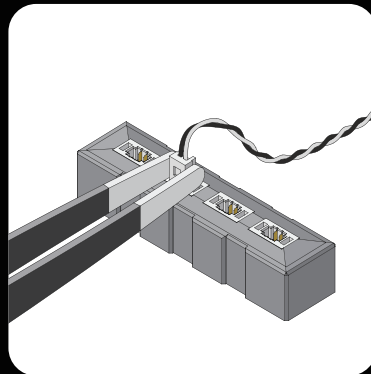

How to Unplug the Connector

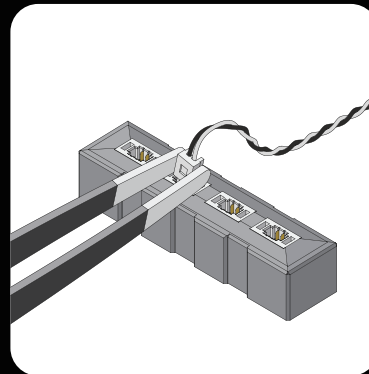

Note that the new connector will be tight. To remove it, gently shake it from side to side until it loosens, then pull it out.

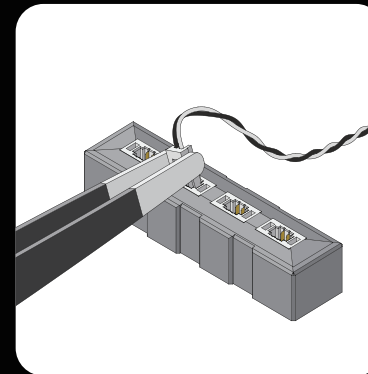

1.The connector is installed, as shown in the picture.

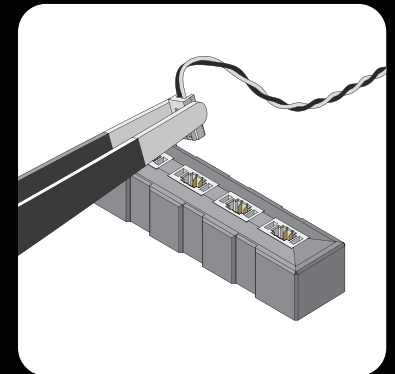

2.Use tweezers to hold the connector on both sides.

3.Gently shake the connector from side to side.

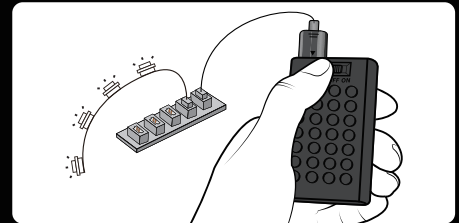

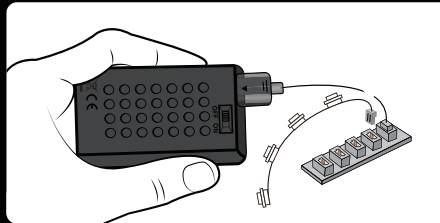

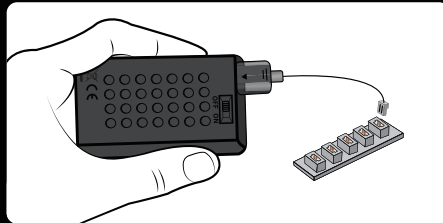

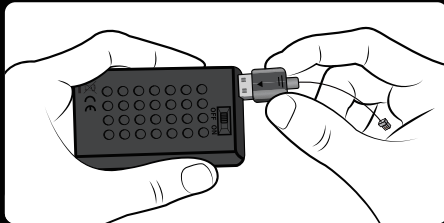

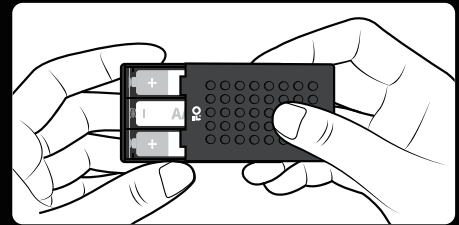

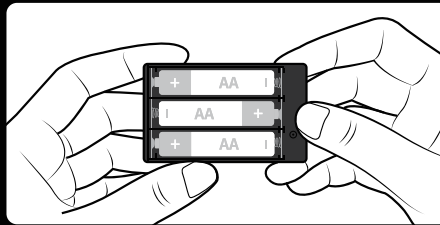

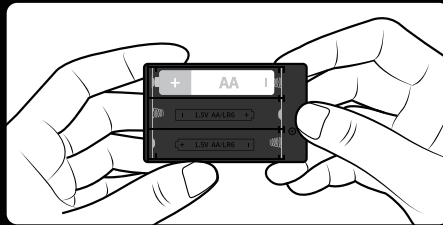

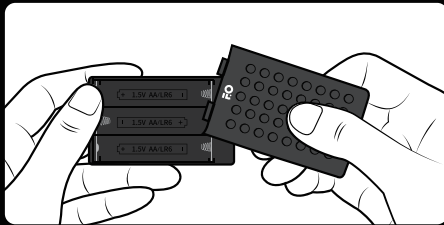

4.When the connector is tight, it will take several shakes to loosen it.

5.Remove the connector.

SAFETY PRECAUTIONS

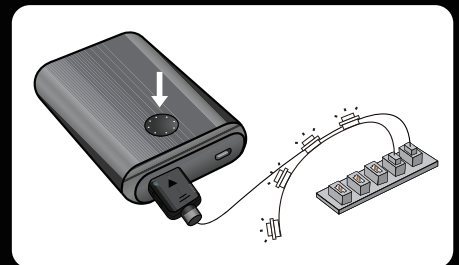

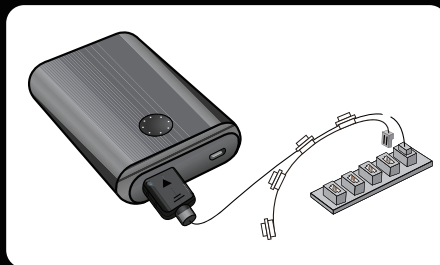

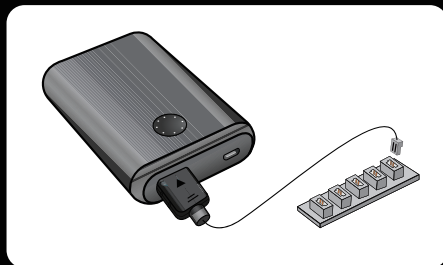

1. Before use, please make sure to check the voltage to avoid damage to the product and potential safety hazards.
2. The lights in the product are not replaceable. If they are damaged or not lighting up, please refer to the troubleshooting section or contact our customer service for assistance.
3. Avoid pulling on the light connection wires as this may cause damage.
4. Do not expose the product to water as it may damage the product.
5. Please read and follow the instructions carefully during building to ensure a good building experience.
6. The power bank can also provide power to LED light kits.
7. While there are several models available, the operating procedures and mechanism for FO expansion boards and battery boxes remain consistent. For inquiries, we encourage you to reach out to our customer service team for assistance.

Battery box name: No. 5 building block battery box

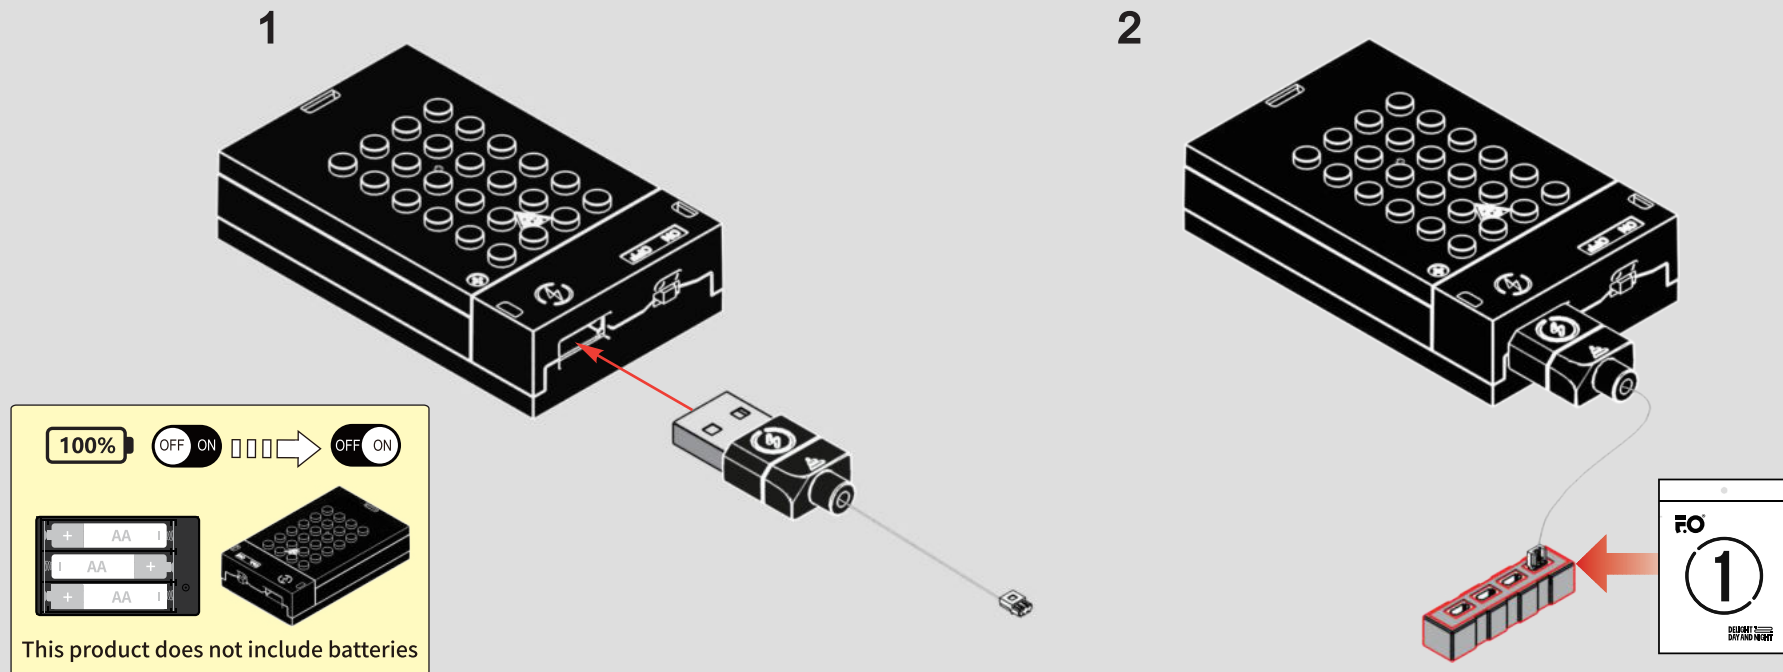

Battery type: AA*3 (No. 5)

Battery rated voltage: 1.5V

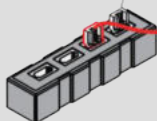

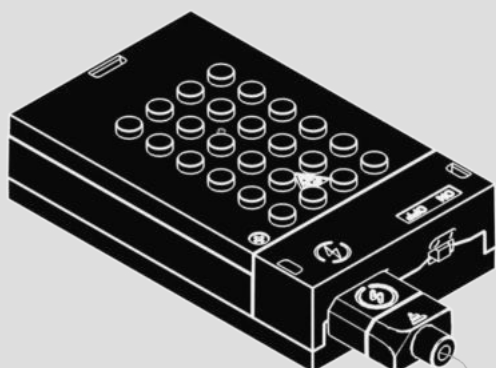

LED LIGHT KITS INSPECTION GUIDE

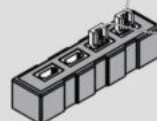

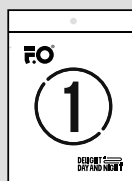

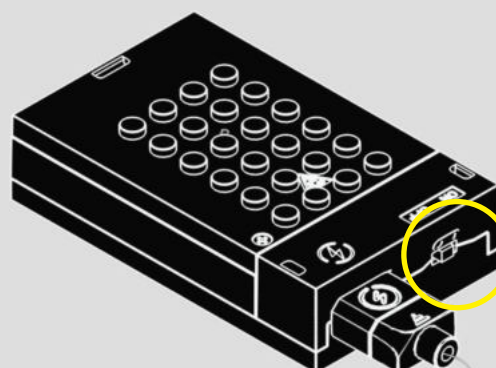

- 1、To enhance your experience, please check the LED Light Kits according to the guide before starting assembly.
- 2、After inspection, please return the LED Light Kits to their original bags for future use.
- 3、If any issues occur, please contact customer service.

This diagram shows the continuation of the LEGO Technic assembly. It features a large base plate with several brown Technic beams and connectors already in place. The numbered callouts indicate the following steps:

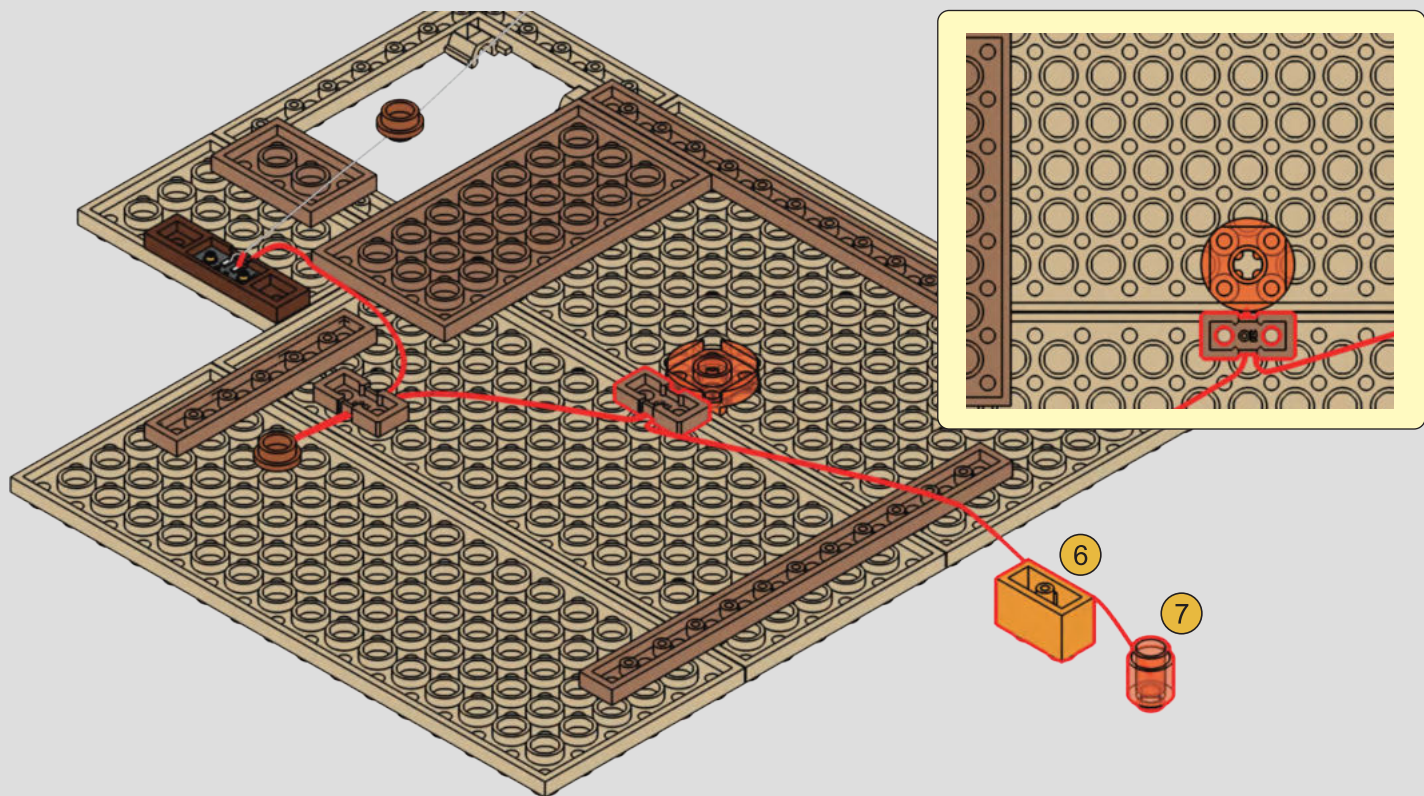

- 4**: A small brown connector piece is being placed onto one of the beams.
- 5**: A red circular component, likely a motor or sensor, is being attached to the side of the assembly.
- 6**: An orange rectangular Technic beam is being connected to the red component.
- 7**: A red cylindrical piece is being added to the end of the orange beam.

The assembly is shown from an isometric perspective, highlighting the grid-like structure of the base plate and the arrangement of the various components.
