ABOUT FUNWHOLE

'FUNWHOLE' is a combination of the words "fun" and "whole", meaning "the whole fun of both day and night".

Founded in 2014, based on the desire to fully express the whole beauty of bricks (in day and night), FUNWHOLE is the world's first lighting bricks manufacturer.

FUNWHOLE is dedicated to the lighting bricks product, with a combination of bricks and lights. FUNWHOLE was birthed out of lights and bricks, allowing lights shine through your bricks and bring your night bricks to life.

As the pioneer to bring the first lighting bricks, FUNWHOLE was created to bring back brightness to the night world, making day and night whole with the lighting fun.

Engaged in building a creative brand, brick by brick, light by light, FUNWHOLE strives to bring fun and joy to millions of people.

FUNWHOLE creates more than bricks but also makes the lights shine through bricks, hoping every building brick lover can enjoy the beauty of lighting!

WHISPERS OF THE OCEAN

On a quiet night, the girl drifts to sleep; her dreams tugged by the rhythmic whispers of distant waves. As moonlight fills her room, she is drawn into a shimmering underwater world.

INTO THE DREAMY ABYSS

She awakens beneath the waves, surrounded by dazzling corals and schools of glittering fish. A majestic sea turtle glides past, and she eagerly follows into the glowing depths.

DANCE WITH THE TIDES

Side by side with her turtle guide, she explores a world alive with beauty and wonder. Together, they flow with the ocean's rhythm, lost in the magic of the dream.

ACKNOWLEDGMENTS

The creation of this underwater adventure would not have been possible without the invaluable insights and feedback from: Anchalee Nanakorn, Kim Beer, Zackary Ritchie, Daniel McDonald, Jamie Carl Lawrence, Barbara Rosanna, Scott Messam, Korin Feyh, Jennifer Moats, and Nicole Joltinga.

Your contributions helped bring this dream to life - thank you!

WHAT'S INCLUDED

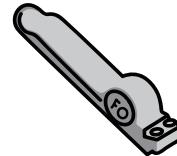

Please check and make sure you get all the items listed below.

Building Bricks

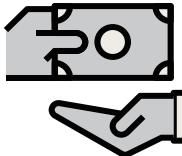

LED Light Kit

Brick Separator

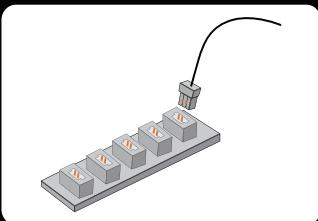

User Manual

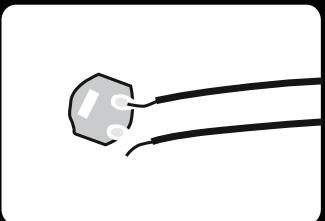

Service Card

TROUBLESHOOTING

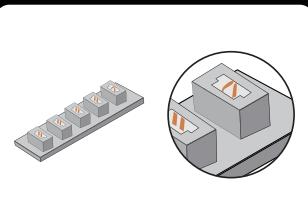

The small size of lighting accessories makes them susceptible to damage during installation, and the following issues are common causes of failure.

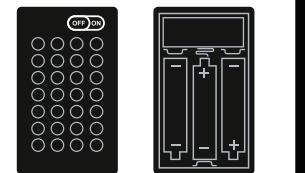

1. Ensure that the connectors are correctly installed as shown in the picture.

2. Check if the wires are disconnected or broken from the solder joints.

3. Check the internal pins of the connector. The internal pins of a properly working connector port should be "+" and "-" poles of the battery are correctly straight. If the small pins are bent, they may be considered faulty ports.

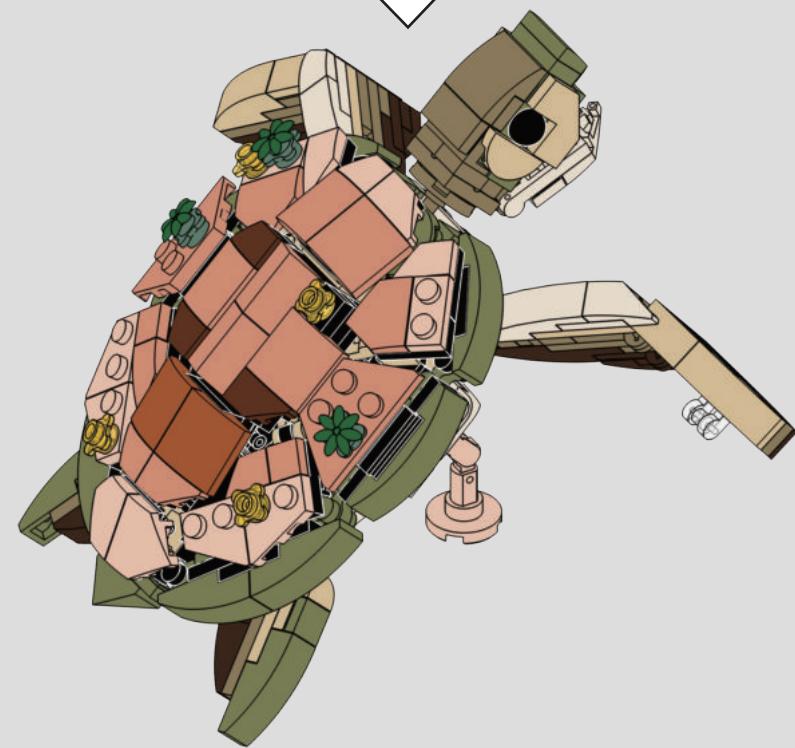

4. Check that the power switch on the sockets. The internal pins of a properly placed (using new batteries) and ensure that the upper and lower connections to the "+" and "-" poles of the power switch are installed correctly.

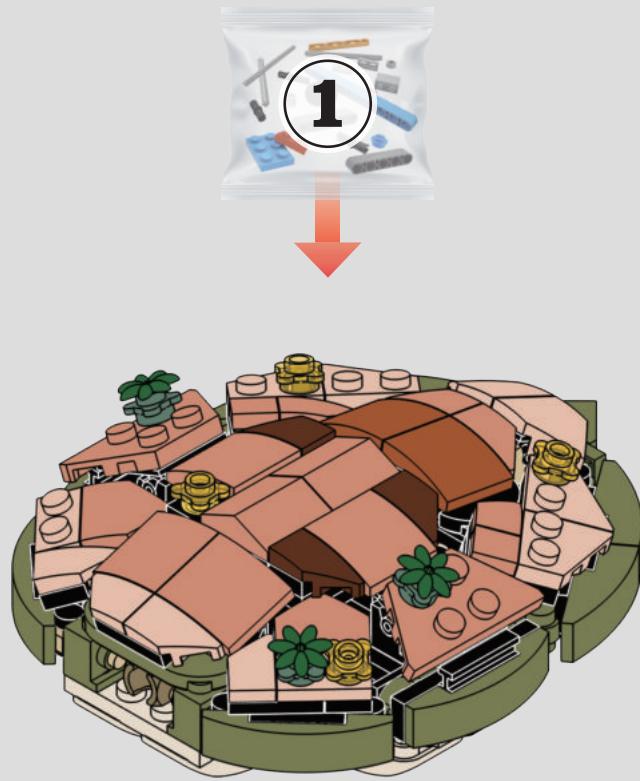

If you have checked each string of lights according to the guide above and the lights still do not light up, please contact our customer service for assistance.
