OLD WEST

ABOUT FUNWHOLE

'FUNWHOLE' is a combination of the words "fun" and "whole", meaning "the whole fun of both day and night".

Founded in 2014, based on the desire to fully express the whole beauty of bricks (in day and night), FUNWHOLE is the world's first lighting bricks manufacturer.

FUNWHOLE is dedicated to the lighting bricks product, with a combination of bricks and lights. FUNWHOLE was birthed out of lights and bricks, allowing lights shine through your bricks and bring your night bricks to life.

As the pioneer to bring the first lighting bricks, FUNWHOLE was created to bring back brightness to the night world, making day and night whole with the lighting fun.

Engaged in building a creative brand, brick by brick, light by light, FUNWHOLE strives to bring fun and joy to millions of people.

FUNWHOLE creates more than bricks but also makes the lights shine through bricks, hoping every building brick lover can enjoy the beauty of lighting!

TO CITY-DESERT JUNCTION-GOLDWOOD

INSPIRATION

It was their final hurrah 'fore callin' it quits—a grand heist to relieve the train of a wealthy tycoon's treasure. Bandit Bill and his posse, once the undisputed rulers of the West, were now the most wanted men, scattered to the winds in the chase. Bandit Bill, impatient and desperate, decided to go it alone. The train thundered down the tracks, and in the distance, he spied the familiar silhouettes of cowboy aboard. Would Bandit Bill pull it off?

Born from the guts of the original 4-4-0 Steam Locomotive, climb aboard, feel the rumble of the engine!

Engineer

And meet our lifeline: the watertower. It's our guardian against fires on these tracks, keeping us safe in the wild west.

This here stove is where we burn the coal that powers them iron horses rollin' down the tracks.

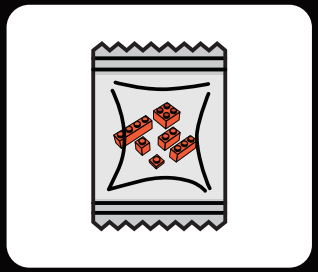
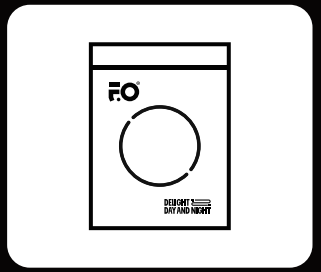
WHAT'S INCLUDED

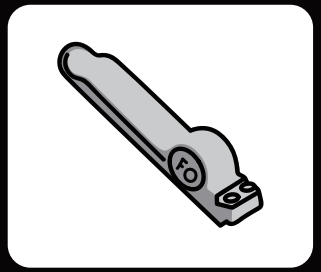
Please check and make sure you get all the items listed below.



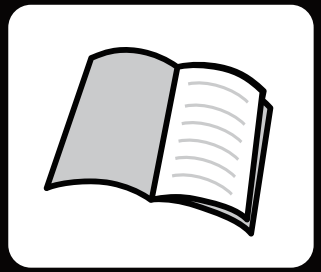
Building Bricks



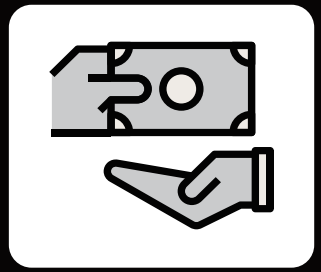
LED Light Kit



Brick Separator



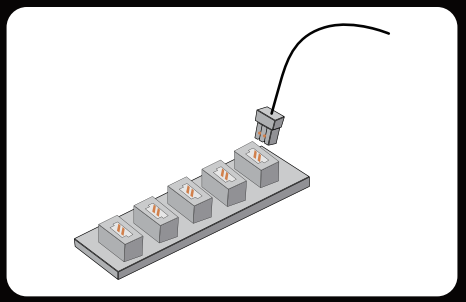
User Manual



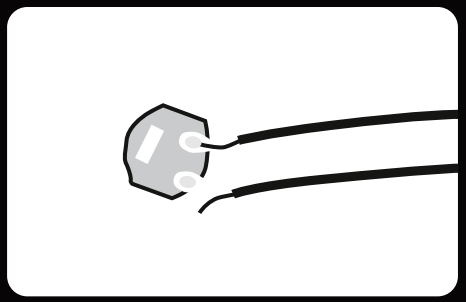
Service Card

TROUBLESHOOTING

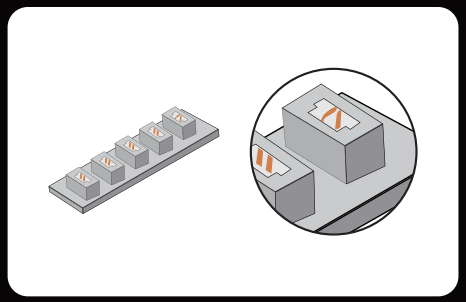
The small size of lighting accessories makes them susceptible to damage during installation, and the following issues are common causes of failure.



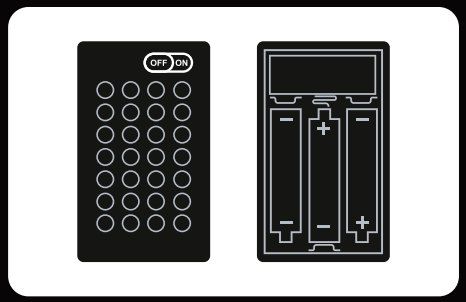
1.Ensure that the connectors are correctly installed as shown in the picture.



2.Check if the wires are disconnected or broken from the solder joints.



3.Check the internal pins of the connector sockets. The internal pins of a properly working connector port should be straight. If the small pins are bent, they may be considered faulty ports.

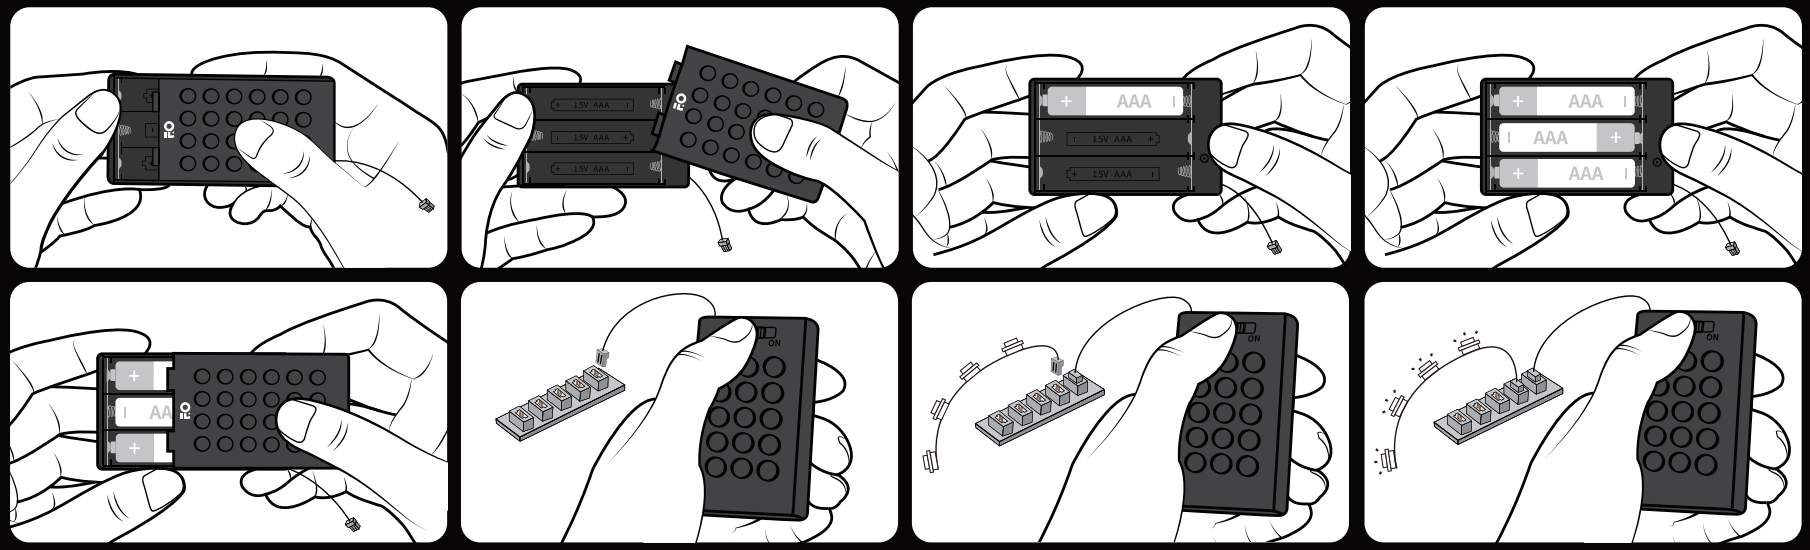


4.Check that the power switch on the battery box is on and that the "+" and "-" poles of the battery are correctly placed (using new batteries) and ensure that the upper and lower connections to the "+" and "-" poles of the power switch are installed correctly.

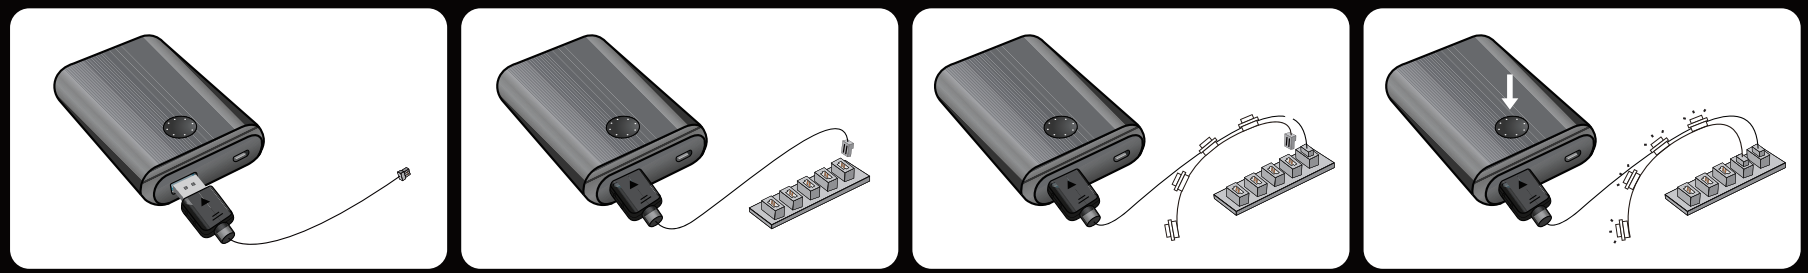
If you have checked each string of lights according to the guide above and the lights still do not light up, please contact our customer service for assistance.

SAFETY PRECAUTIONS

1. Before use, please make sure to check the voltage to avoid damage to the product and potential safety hazards.
2. The lights in the product are not replaceable. If they are damaged or not lighting up, please refer to the troubleshooting section or contact our customer service for assistance.
3. Avoid pulling on the light connection wires as this may cause damage.
4. Do not expose the product to water as it may damage the product.
5. Please read and follow the instructions carefully during building to ensure a good building experience.
6. This product doesn't come with batteries, but the power bank can also power LED light kits.

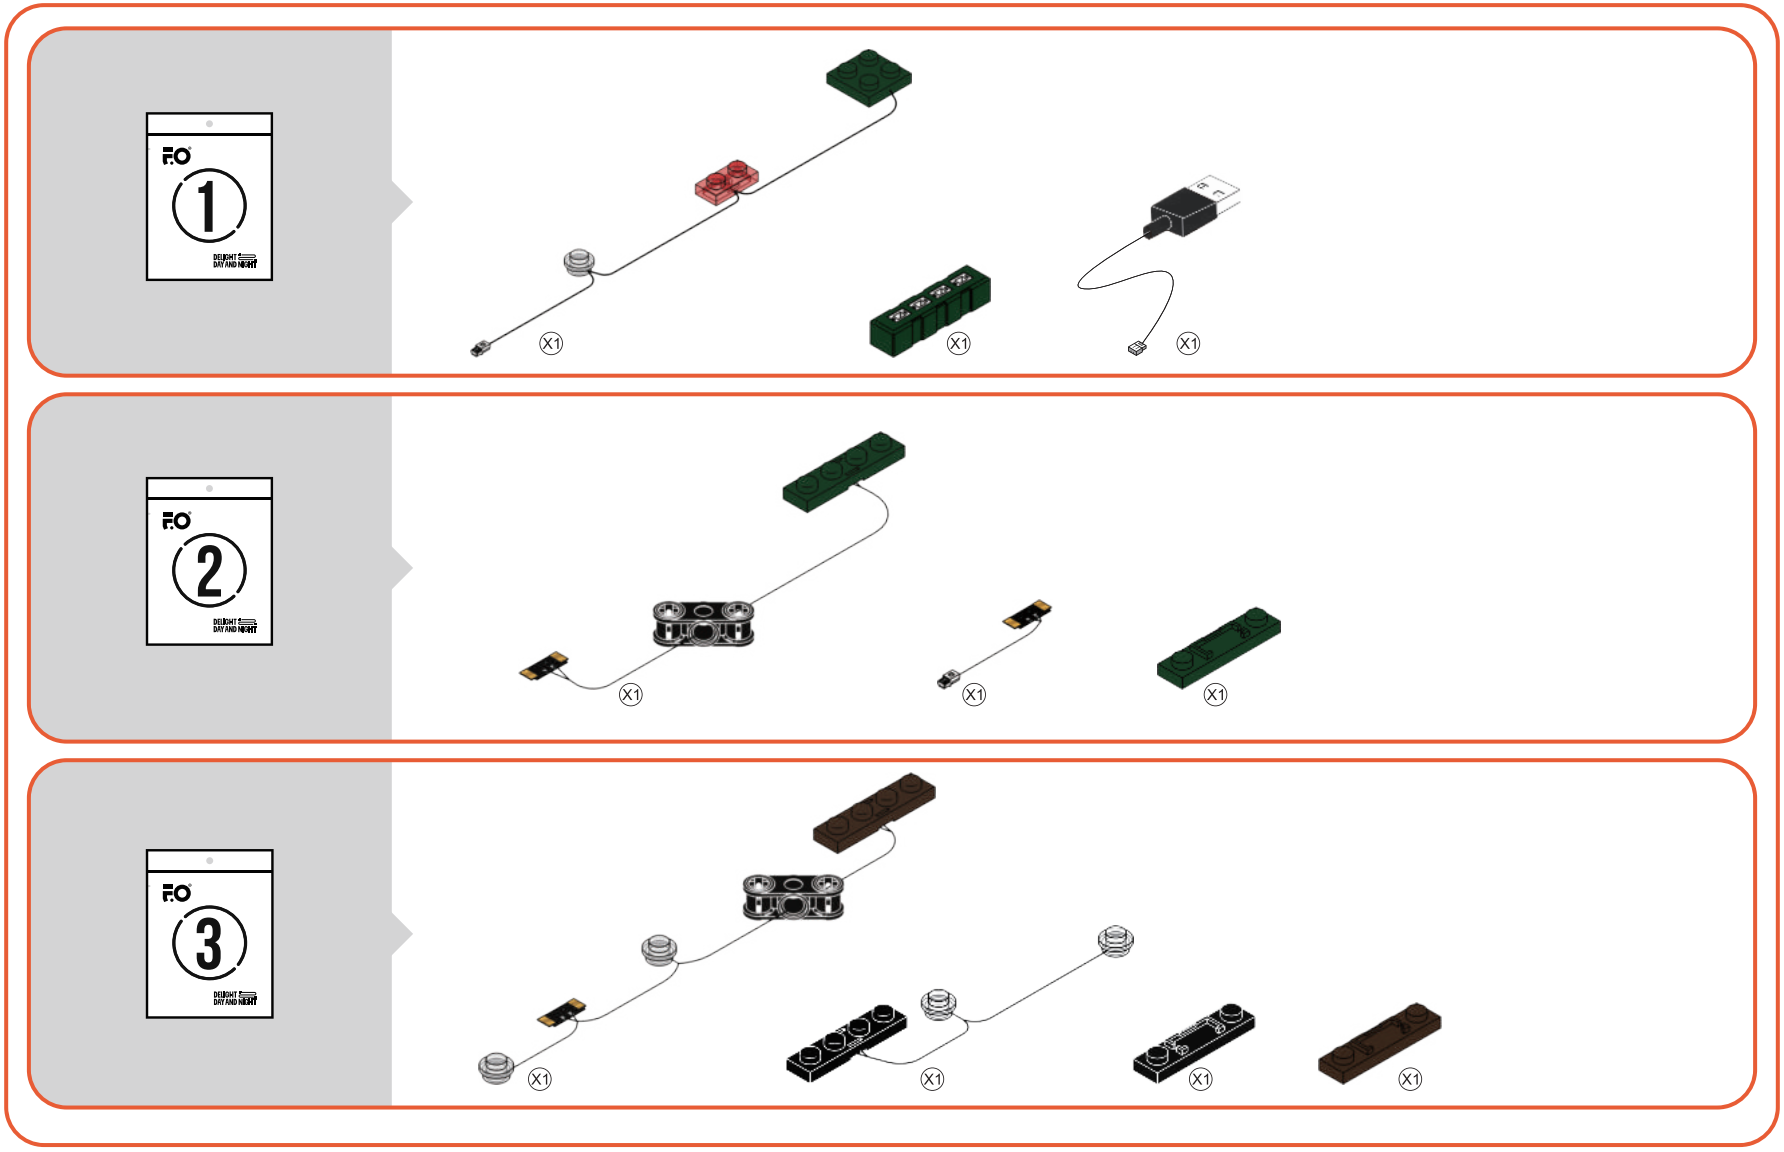


Battery box name: No. 7 block battery box Battery type: AAA*3 (No. 7) Battery rated voltage: 1.5V



LED LIGHT KIT PACKAGE LIST

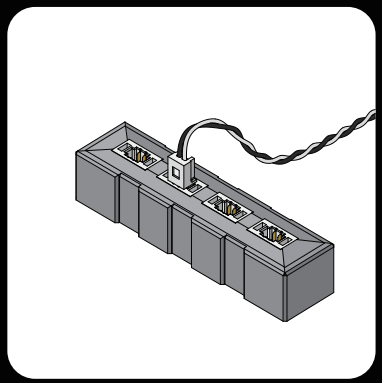
Please check and make sure you get all the lighting accessories. Contact us if there are any missing components.



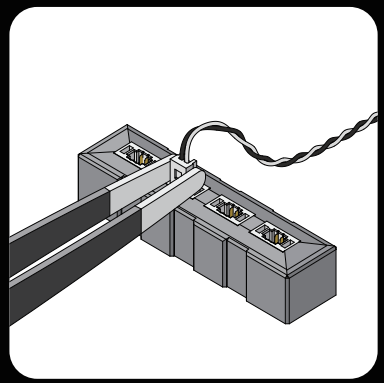
Note: when installing, don't pull it hard, bend it or shake it to avoid damage. The supply voltage should be below 5V, and the button battery holder voltage can be below 6V. Not for children under eight.

How to Unplug the Connector

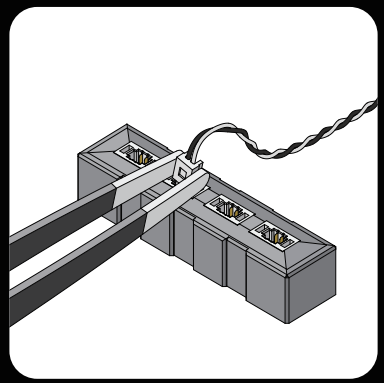
Note that the new connector will be tight. To remove it, gently shake it from side to side until it loosens, then pull it out.



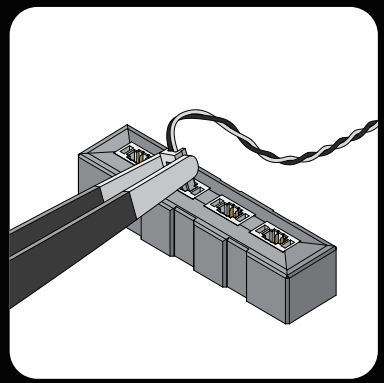
1.The connector is installed, as shown in the picture.



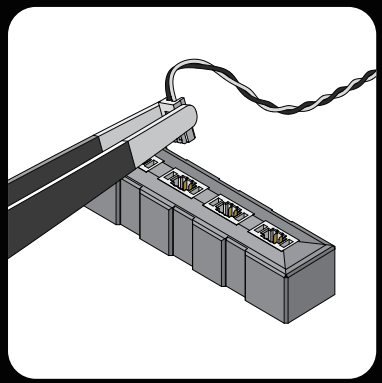
2.Use tweezers to hold the connector on both sides.



3.Gently shake the connector from side to side.



4.When the connector is tight, it will take several shakes to loosen it.



5.Remove the connector.

LED LIGHT KITS INSPECTION GUIDE

1、To enhance your experience, please check the LED Light Kits according to the guide before starting assembly.
2、Atfter inspection, please return the LED Light Kits to their original bags for future use.
3、If any issues occur, please contact customer service.
